

PROPERTY FACTSHEET

House for Sale in .

0 THB.

Smart house village 2 type A

HH000678

2 bedrooms

1 bathrooms

Land 0sqm

House 91sqm

According to the sale of Smart house village 1 project which can be 100% closed within 4 months. This was proof that the Smart house village project is the real residence project for foreigners. The sale of Smart house village opened from October 2006 and has been sold out within January 2007. The project expected to transfer the house to customers within June 2007. The total period of the sale with construction and transfer is about 9 months.

With this reason the Smart house village 2 has been constructed under the concept of structural design which similar to the Smart house village 1, but for more perfection, many good things have been applied. The Smart house village 2 is only 500 meters behind the Smart house village 1. The land has been separated into 3 different groups:

Group 1 LOTUS

There will be 26 plots of land

Group 2 LEELAWADE

There will be 37 plots of land

Group 3 JASMINE

There will be 25 plots of land

Each group will have 7x18 meters swimming pool for swim and exercise and there will be a common club house with

a big swimming pool to serve customers. There will be a beautiful garden between the houses of each group. So we ensure that Smart house village 2 will have a surrounding similar to resort which suitable for the real relaxing of foreigners.

The development of Smart House Village, Hua-Hin is a residential project located in the west, only 6 kilometers from Hua-Hin City with easy access. There are 88 detached houses, all, one storey. The roof, exterior color, inside fence and design has been in the same way. we emphasize on compactness, reasonable price, starting from 1.8 Million Baht
